Table items #149, 153, 175

Add the missing $41,441

General Fund spending should total $3,756,637. The printed $3,715,196 leaves out Fire Marshal spending carried from the detail pages.

Town total: $6,054,722

Printed: $6,013,281.
The same missing $41,441 also makes this separate town-funds total too low.

Grand total: $6,064,322

Printed: $6,022,881.
Add the missing $41,441 here, too. These are corrections to displayed spending totals, not proof of money lost.

Table items #154-155, 157-159, 161, 170

High Falls: $0 is the base

The adopted 2025 levy was $0, not $700. With the printed 2026 levy of $300, that is a $300 increase, not a $400 decrease.
The percent should be N/A: growth from zero cannot be calculated.

Park lighting: same issue

The adopted 2025 levy was $0, not $900. With the printed 2026 levy of $500, that is a $500 increase, not a $400 decrease.
Show N/A instead of -44.44%.

This needs an explanation

Printed lighting levy: $8,800.
But $9,600 spending less $0 revenue less $11,600 fund balance equals -$2,000.
Gap: $10,800. The Town needs to identify which input is wrong.

Table items #147, 156, 160

Why raise another $300?

$700 spending - $0 revenue - $700 fund balance = $0. Yet this row asks for $300 in taxes.
This is a $300 mismatch to explain, not a verified replacement levy.

Why raise another $500?

$900 spending - $0 revenue - $900 fund balance = $0. Yet this row asks for $500 in taxes.
This is a $500 mismatch to explain, not a verified replacement levy.

Grand total also fails to tie

Using the printed inputs:
$6,022,881 - $2,356,914 - $111,600 = $3,554,367.
Printed levy: $3,565,167.
That $10,800 gap carries from lighting. It needs reconciliation, separate from the Fire Marshal correction.

Notes on this page...

Table items #182

It's here - but left out!

The Final column includes $41,441 for Fire Marshal (A3010.1). It is left out of the Public Safety subtotal below.

This should be $1,036,981

Printed: $995,540
Add the missing $41,441.
The accounts are listed, but the subtotal doesn't include them.

Same omission, two places to check: the account is present, while the subtotal leaves it out. This is a document arithmetic correction.

Red notes added for review. Original figures retained.

Table items #179-181, 183-185

This heading is confusing

This is the 2024 actual-results column. Label it "2024 Actual" instead of "Actual Budget" so it is clear what these figures mean.

New spending - not 0%!

Police overtime (A3120.11) goes from $0 to $15,000. Show N/A for the percent change. A percentage increase from zero cannot be calculated.

Other subtotal columns, too

Public Safety omits Fire Marshal amounts here as well:
2025 Final: $996,607, not $953,866.
2026 Tentative and Preliminary: $1,064,481 each, not $1,023,040 each.

Actuals need checking

The listed 2024 actual amounts add to $775,182, not $733,072. Difference: $42,110.
Check the ledger before treating the calculated total as verified actual spending.

Correct total: $3,756,637

Printed: $3,715,196
Difference: $41,441
The missing Fire Marshal amount carries into the Final General Fund total. Add all the listed accounts.

The 2025 column, too...

Its displayed accounts add to $3,565,437, not $3,522,696.
Difference: $42,741.
That year's Fire Marshal total is left out as well.

Table items #179, 187, 189, 191

This heading is confusing

This is the 2024 actual-results column. Label it "2024 Actual" instead of "Actual Budget" so it is clear what these figures mean.

These totals leave it out, too

Tentative and Preliminary should each total $3,782,886, not $3,741,445.
Each is short by $41,441 because the Fire Marshal amount is not included.

Check the historical total

The displayed 2024 actual account amounts add to $3,381,919, not $3,339,811.
Difference: $42,108.
The ledger is needed to verify the actual total; this is the sum of the displayed rounded accounts.

Red notes added for review. Original figures retained.

Table items #179, 192-193

This heading is confusing

This is the 2024 actual-results column. Label it "2024 Actual" instead of "Actual Budget" so it is clear what these figures mean.

These are revenues

This table lists money coming in. The heading should say "Revenues" or "Estimated Revenues," rather than "Appropriations" (spending).

Why did last year change?

Sales tax (A1120): this 2025 Final column shows $215,000. The adopted 2025 budget shows $255,000.
Difference: $40,000.
Ask for an amendment or reclassification explaining the change; do not assume either figure is actual year-end revenue.

Give revenues their own header

The top 'Appropriations' heading fits the spending table. For the revenue section below, repeat the column headings and label it 'Revenues' so readers can see where the tables change.

The account code is missing

Other Government Aid (FEMA) has a description and figures, but its code cell is blank.
Add the correct account identifier so the line can be traced consistently. The code needs confirmation.

This heading is confusing

This is the 2024 actual-results column. Label it "2024 Actual" instead of "Actual Budget" so it is clear what these figures mean.

Should say -100%, not 0%

SW8340.1 falls from $15,000 in 2025 to $0 in 2026.
That's a complete reduction, so the change is -100%.

New spending - not 0%!

SW9050.8 goes from $0 to $1,000. Show 'N/A' for the percentage and a $1,000 increase.
A percentage increase from zero can't be calculated.
